ANIMAL PERMIT APPLICATION

Applicant name:
Address (including zip code):
Please list a daytime telephone number:
Type of animal:
Quantity:

The city will not issue permits for animals, reptiles or fowl regulated by the Florida Fish and Wildlife Conservation Commission. Any person in the city who keeps an animal, reptile or fowl regulated by the state must possess the appropriate license and follow all applicable statutes, rules, and regulations.

A permit is required for animals (except domestic dogs and cats), reptiles, or fowl that are kept outside of a residence. Once an animal permit has been issued for an animal, reptile, or fowl that is maintained outside of a residence, the location will be subject to an annual inspection to ensure that the area is being maintained in a manner that is safe and sanitary for the animal.

Persons who have been issued a permit for certain animals, reptiles, or fowl shall be required to maintain the area where the animal, reptile or fowl is kept in a sanitary manner. Complaints from surrounding neighbors shall be considered in determining whether an area is being properly maintained.

Please provide a sketch of the house (including the street) and indicate the area where the cage or pen is located. You may use the back of this application.
